The screenshot shows the Deep Dream Generator interface. At the top, there's a navigation bar with 'DEEP DREAM GENERATOR' on the left, and 'Generate', 'AI Upscaler', 'AI Editor', 'Generate Video', and a user icon on the right. Below the navigation bar is a 'Text Prompt' section containing the user's prompt: 'A group of friendly aliens having a barbecue on a distant planet, grilling strange glowing vegetables and meteorite kebabs.' There are buttons for 'Add modifiers' and 'Negative' below the prompt. To the right of the prompt is an 'Info' button. Below the text prompt is an 'AI Models' section featuring six AI models: DaVinci2, Photonic, Artistic 2, ArtFusion (PRO), FluX (PRO), and AIVision. Each model has a small thumbnail and a 'Start Image' button. Below the models are settings for 'Effect strength' (60%) and 'Base resolution' (Default). A preview image of the generated barbecue scene is shown in the center, and a button at the bottom says '-5 ⚡ Generate text prompt'.
